A DESIGNER MOTIVATED BY
SOPHISTICATION AND SIMPLICITY

Known for its innovation and modern styling, BLANCO is the world leading manufacturer and designer of premium kitchen sinks, faucets and accessories. In 2015, BLANCO celebrated 90 years of global presence worldwide and 20 years of Canadian manufacturing of SILGRANIT® sinks. BLANCO continues its leadership position in kitchen design getting set to release new products that will represent product design excellence, quality and function. They will include the following design categories:

- New SILGRANIT® colour finish for the SILGRANIT® line of BLANCO kitchen sinks.
- Two new and innovative SILGRANIT® sink models. One of the collections will represent a kitchen sink concept that will bring a brand new design standard to the industry.
- New kitchen sink accessories.
- Two new kitchen faucet collections with innovative designs and functionality.

One of the new kitchen faucet collections will include BLANCO URBENA™. BLANCO URBENA™ represents the ultimate choice in design, function and beauty. This collection will be available in nine faucet finishes including Chrome, Stainless Finish and seven dual finish choices perfectly matching BLANCO SILGRANIT® kitchen sinks. BLANCO URBENA™'s slim body, unique handle design and hidden dual spray pull-down spout will offer the perfect form and function for urban kitchen needs.
